Policy Manuals

The superintendent shall develop and maintain a current policy manual which contains the policies of the district.

The manual is intended both as a tool for district management as well as a source of information to patrons, staff and others about how the district operates. To that end each administrator shall have ready access to the manual. In addition a manual shall be available in each school library and such other places as the superintendent may determine for the use of staff, students and patrons.

All policy manuals distributed to anyone shall remain the property of the district. They shall be subject to recall at any time.
